

Ball Valves

▶ Industrial Ball Valves

Sizes: 1/4" to 4"
Material: CF8M and brass

Features:

- 2-piece and 3-piece design
- ISO 5211 high mounting pad
- Various actuator and control packages
- 100% tested and inspected

▶ Sanitary Multi-Port Ball Valves

Sizes: 1/2" to 4"
Material: CF8M

Features:

- T port and L port
- 3-way and 4-way
- Various actuator and control packages
- ISO 5211 high mounting pad
- Different seat materials available
- 100% tested and inspected

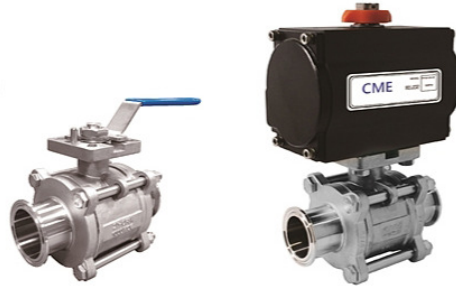

▶ Sanitary 2-Way Ball Valves

Sizes: 1/2" to 4"
Material: CF8M

Features:

- 3-piece design
- ISO 5211 high mounting pad
- Different seat materials available
- Optional V-port seat and ball
- Encapsulated and non-encapsulated
- Various actuator and control packages
- 100% tested and inspected

Check Valves

▶ Air Relief Valve

Sizes: 1" to 2"
Material: 304

Features:

- 3A standards 58-01
- Ball and gaskets are replaceable
- Ball materials: polypropylene and PTFE
- EPDM and silicone gasket available

▶ Air-Blow Check Valve

Sizes: 1" to 4"
Material: 316L

Features:

- 3A standards 58-01
- Y-ball check valve can be added
- Seat material: EPDM

Y-Strainer

Sizes: 1" to 4"
Material: 316L

Features:

- Sanitary finish
- Easy to clean
- Design for in-line system
- Different connections available

Butterfly Valves

Sizes: 1/2" to 8"
Material: 316L

Features:

- Multiple handle options
- Various actuator and control packages
- EPDM, silicone and FKM materials for option
- 100% tested and inspected

Sample Valves

Sizes: 3/8" to 2"
Material: 304 / 316L

Features:

- Double silicone O-rings
- Silicone or PTFE seat
- Sanitary finish
- Connections available: clamp, NPT, weld ends

C-Series Centrifugal Pump

Sizes: 114, 216, 218, 328, 4410, 6410
Material: 316L

Features:

- 3A standards 02-11
- Stamped volute
- Sanitary finish for all wet ends

Spray Balls

▶ Rotating Spray Ball

Sizes: 3/4" & 1 1/2"
Material: 304 / 316L

Features:

- Idea for cleaning all types of tanks and vessels
- Spray Pattern: 360°
- Connections available: clamp, NPT

▶ Stationary Spray Ball

Sizes: 1" & 1 1/2"
Material: 304 / 316L

Features:

- Various spray patterns available
- Typical uses are in food and beverage industries for cleaning storage tanks

▶ Y-Ball Check Valve

Sizes: 1 1/2" to 3"
Material: 316L

Features:

- 3A standards 58-01
- PTFE ball for better heat and abrasion resistance
- 2-piece design with replaceable seat
- Air blow check valve can be added

▶ Spring Check Valve

Sizes: 1/2" to 4"
Material: 316L

Features:

- Sanitary finish
- Full size flow plate
- Field serviceable (no special tools required)
- Suitable for low and medium viscosity fluids
- Lower resistance to flow
- Space-saving, light weight
